Wilco's beloved **Solid Sound Festival** takes place June 28-30th at MASS MoCA in North Adams, MA. Today, the festival announces its **2024 lineup**. There are few festivals that measure up to Solid Sound's diverse and surprising programming, and the 2024 lineup only certifies that commitment. **3-day weekend passes are on sale now.**

This year's musical lineup features **Jason Isbell & The 400 Unit, Dry Cleaning, Nick Lowe & Los Straitjackets, Wednesday, Horsegirl, Ratboys, Water From Your Eyes**, and many more. As in festivals past, it would not be Solid Sound if it didn't feature multiple headline sets from **Wilco** alongside band members' various independent and solo projects. Additionally, Solid Sound continues to offer some of the most unique non-musical programming at any festival, like a live presentation of **Hrishikesh Hirway's** acclaimed **Song Exploder** podcast, **John Hodgman's Comedy Cabaret**, live painting from legend **Steve Keene**, and a variety of **Substack Pop-Up Interviews**

From rock, jazz, indie, and experimental artists to screenprinting demos, pop-up record stores, children's programming and more, Solid Sound aims to delight the curious in the exceptional setting of MASS MoCA. The expansive galleries of the museum will feature temporary exhibitions from **Laurie Anderson, Osman Khan, Elle Pérez, Amy Yoes**, and **Jason Moran** alongside beloved long-term loan exhibitions from **Louise Bourgeois, James Turrell, Sol Lewitt**, and more.

About MASS MoCA

In May 2024, MASS MoCA will celebrate its 25th anniversary under its new Director, Kristy Edmunds, not only as a contemporary art museum and performing arts venue, but also as a creative campus with a regional, national and global impact.

MASS MoCA is one of the world's liveliest centers for making and enjoying today's most evocative art. With vast galleries and a stunning collection of indoor and outdoor performing arts venues, MASS MoCA is able to embrace all forms of art: music, sculpture, dance, film, painting, photography, theater, and new, boundary-crossing works of art that

defy easy classification. From its beginnings as the major textile mill Arnold Print Works in the mid-19th century, to its days as the Sprague Electric Company in the mid-20th century, to its current iteration as a globally renowned contemporary art museum and fabrication center, the 16-acre MASS MoCA campus has a rich history of serving as the economic engine of the city of North Adams and the surrounding region.
