About MASS MoCA

In May 2024, MASS MoCA will celebrate its 25th anniversary under its new Director, Kristy Edmunds, not only as a contemporary art museum and performing arts venue, but also as a creative campus with a regional, national and global impact.

MASS MoCA is one of the world’s liveliest centers for making and enjoying today’s most evocative art. With vast galleries and a stunning collection of indoor and outdoor performing arts venues, MASS MoCA is able to embrace all forms of art: music, sculpture, dance, film, painting, photography, theater, and new, boundary-crossing works of art that defy easy classification. From its beginnings as the major textile mill Arnold Print Works in the mid-19th century, to its days as the Sprague Electric Company in the mid-20th century, to its current iteration as a globally renowned contemporary art museum and fabrication center, the 16-acre MASS MoCA campus has a rich history of serving as the economic engine of the city of North Adams and the surrounding region.
